2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

The mission of Chico Country Day School (CCDS) is to provide a safe, joyful environment where all learners are inspired to achieve their personal best.

Our Core Purpose is to educate students toward becoming engaged and thriving learners.

What we mean by educate is that our job is to teach the knowledge, skills and values that come with academic rigor and developing character. We are accountable for ensuring that students meet competency standards for their grade level.

What we mean by engaged is that learning should be interesting, challenging and joyful. Learners should see the value of what is being taught and be active participants.

What we mean by thriving is that students are able to start where they are and do their best, know that they matter as individuals, and feel safe so that they are free to be their best selves.

We embrace the following core values:

1. Collaboration – We believe that people have a voice and that collaboration between teachers, parents, students and staff will produce the best results for our students
2. Deeper Learning – We believe in utilizing Innovative Educational Practices to deepen learning because we want students to learn how to learn. Our teaching styles are driven by current educational research. We

2024-25 School Description and Mission Statement

foster an environment where both students and teachers are committed to high expectations for quality work and character/citizenship.

3. Joyful learning. We value joy in our learning environment and it starts with our staff being joyful learners. Students can only catch the “joy of learning” from how we lead and teach.

4. Responsiveness - We value responsiveness as an organization. Our goal is to shift and change as quickly as we can when we face challenges or find opportunities to change for the better

5. Community connection We value connection to each other to the broader community of Chico, and to the world.

In 2019, Chico Country Day School was awarded a six year WASC Accreditation. Grades offered include TK through eighth grade.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

The school facility is safe, clean and completely renovated. Facility improvements began in October 2013 and included routine maintenance and repairs over the summer of 2013, and the remodel of the Middle School building which became the middle school campus in March 2014. The entire school campus was renovated beginning in March 2014 under the Rehabilitation program of Proposition 1D. New classrooms and bathrooms were added and students and teachers moved in at the beginning of the school year 2014. The new gym was completed in January 2015. This campus houses grades K-5 and the project was complete in March 2015. In 2020, the school renovated the kindergartens, the main office, added a Response to Intervention room and a room for Special Education. This project was completed in 2021.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

When parents or family members are involved at school in the education of their child, the child's success in school dramatically increases. Just as we view each child as a unique individual, so we see each family as a unique partner in the child's education. Just as each child has his or her strengths and challenges, so does each family. With this belief, CCDS has several ways for families to be involved.

CCDS parents pledge to:

Provide Home Academic Support by

Ensuring my child comes to school ready to learn.

Reading with my child(ren) every night and/or providing a quiet place to work,

Following through with school recommended actions.

Provide School Support by

Sending my child to school on time and ensuring my child is not absent from school unnecessarily.

Supporting and adhering to the School Discipline policies.

Participate by

Attending school exhibitions of student work.

2024-25 Opportunities for Parental Involvement

Attending school PAC meetings, LCAP/WASC stakeholder meetings, or Board of Director meetings.
Actively collaborating and communicating with teachers to meet my child's learning needs.
Making positive contributions to the school community.
Being an active member of the community by working to continuously improve CCDS for all students.
Classroom volunteer
Field trip Chaperone
Coffee with Administration
Parent Information nights during the enrollment period

For further opportunities to participate you can send an email to ctrout@chicocountryday.org or call 530-895-2650.

2024-25 School Safety Plan

The CCDS Comprehensive Safe Schools Plan was reviewed and revised in the 23/24 school year by a Safety Committee comprised of parents, staff, board members, and administration. The Comprehensive School Safety Plan was presented to the Board of Directors and staff. Key components of the plan include:

- Child Abuse Reporting Procedures
- Disaster Procedures
- School Suspension/Expulsion Guidelines
- Procedures to Notify Teachers of Dangerous Pupils
- Sexual Harassment Policies
- Dress Code
- Procedures for Safe Ingress and Egress of Pupils, Parents, and Staff
- Safe and Orderly School Environment Conducive to Learning
- School Discipline Rules and Consequences
- Hate Crime Reporting Procedures and Policies

Professional Development

A number of factors play a role in the Professional Development (PD) and Professional Learning that is offered to our staff which includes furthering our practice in Project Based Learning, implementing Common Core State Standards, Next Generation Science Standards, and competency-based grading and assessment. We review student assessment data, staff professional learning needs survey results, student learning survey results, and our charter guidelines when outlining professional development that is offered throughout the year. In addition, our WASC and LCAP goals are considered when

Professional Development

choosing Professional Development.

Having a staff of newly credentialed teachers and veteran teachers allows for opportunities for staff to learn together. Protocols and collaboration times are designed for staff to learn from each other as we grow our practice within classrooms. Teachers are supported in a number of different ways during the implementation of new curriculum and/or methods. Teachers have collaborative meetings during the professional development days to support one another with the implementation of new practices, allow time to review student data and create plans to address student needs. The Director of Education meets with individual teachers, grade-level teams, and groups of teachers on a frequent basis to provide professional support. Staff participates in the assessment of current practices, review of student performance data/ artifacts and vertical alignment twice a year. Teachers are provided time and support to observe in other classrooms and co-teach. Weekly collaboration time is built into the schedule so that staff is provided with regular time to meet and assist one another with the implementation of PD.

Additionally, Professional Learning is provided through conferences, mentoring, workshops, webinars, virtual meetings, and site-based professional development.

- Project-Based Learning- Continuous staff training in the practice of deeper learning and project design components.
- Cognitively Guided Instruction in Math coaching and training
- Newly credentialed teachers on staff have a monthly coaching session to support curriculum implementation
